

EDO NATIONAL ASSOCIATION

IN USA AND CANADA

Edolites,

Thank you all for honoring our invitation to attend the 18th Annual ENA Convention and we hope you made it back home safely. For those who could not make it to the convention, we hope and pray you find time and resource to attend subsequent ENA Conventions and participate in the ongoing ENA fund raising activities to fund the capital projects that was identified during the convention – The MESHCON project (<http://www.enaweb.org/projects3.php>) and the ENA Community Center project (<http://www.enaweb.org/projects2.php>) in Benin City.

It is gratifying to know from your various acknowledgements that the ENA 2009 Convention was a success. The positive responses have been overwhelming and I thank you all, on behalf of the Executive Council and the 2009 Convention Committee for the kind and encouraging words.

I especially want to also take this opportunity to thank and acknowledge the relentless efforts of the local host representatives in the 2009 ENA Convention Committee -- Mr. Henry Omoregie, Mr. Fred Iyasere, Mr. Ese Erinmwingbovo, Mrs. Easter Thompson, the Leadership of Mr. Kingsley Obaseki and without doubt, the relentless efforts of the Executive Council members -- Dr. Solomon Uwadiale, Mr. Charles Oviawe, Mrs. Maria Hanan, Mrs. Abieyuwa Eribo, Mrs. Augustina Iyare and the words of encouragement from Mr. Felix Iyoha, the COPs, ENA stake holders, and the efforts of many others, whose names are not mentioned in this email, to insure the success of the ENA 2009 Convention.

Thank you all again for all the help to make the ENA 2009 Convention a success and will once again indulge your unwavering support towards the next challenge ahead of us – **the fund raising efforts for the ENA Community Center in Benin City and the 19th Annual ENA Convention in Benin City – December 13th - 20th, 2010.**

Please let us know of any suggested ideas you may have on the best way to organize and make these efforts a success.

Yours truly,

Samuel Isokponwu
National President, ENA
